How did Fire Day go?

Fire Prevention Week (October 8-14)

July 10, 2023 – The National Fire Protection Association® (NFPA®) — the official sponsor of Fire Prevention Week™ for more than 100 years —has announced “**Cooking safety starts with YOU! Pay attention to fire prevention™**” as the theme for Fire Prevention Week, October 8-14, 2023.

Why is fire prevention week in October?

The Great Chicago Fire burned between October 8th to October 10, 1871, with most of the damage done on October 9th. The fire caused roughly \$200 million in damages, killing around 300 people, and destroying over 17,000 buildings and structures.
